

DMS1000

Not your average monitor mount.

Achieving the perfect desktop setup is about striking a balance between style and functionality.

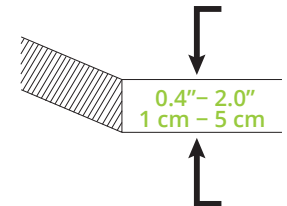

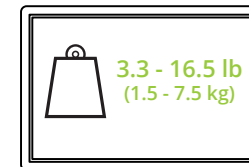

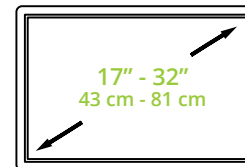

The DMS1000 is designed to do exactly that.

Combining industrial influences with a minimalist design, this gas shock monitor mount allows for finger-tip adjustments to be made to the height and orientation of your screen. Raise, tilt, swivel and rotate your monitor on the fly to ensure it's always in an ideal position. The detachable base provides a seamless connection to your desk, while its easy-to-use clamping mechanism can be secured to any ledge or grommet hole up to 2 inches thick. To ensure a clutter-free setup, the DMS1000 also includes cable management clips to conveniently route your cables.

EASY INSTALLATION

To make installation more manageable, the base of the DMS1000 can be detached from its support arm and secured entirely from the top of your desk.

GAS SHOCK SYSTEM

The gas shock arm allows for height adjustments to be made with minimal effort. Freely raise or lower your screen to improve line-of-sight and reduce neck strain.

UNLIMITED POSITIONS

The DMS1000 allows for nearly unlimited viewing positions. With four points of rotation, you can easily swivel your monitor 360°, tilt it 25° up and down, and rotate it into portrait or landscape orientation.

WIDE RANGE OF SUPPORT

Designed for any desk edge or grommet hole up to 2 inches thick, the DMS1000 supports monitors weighing 3.3 to 16.5 pounds, with common VESA sizes of 75x75 or 100x100.

CABLE MANAGEMENT

To keep your desktop clutter-free, use the provided cable management clips to conveniently route your cables.
