

V-CAB SERIES

MAINFRAME's Vertical Wall Mount Rack Enclosure Series is a low profile enclosure that secures standard 19" rack equipment vertically, an ideal solution where floor space is limited. The top panel and doors lock for added security and the vented front cover provides air flow for heat dissipation. Constructed from heavy-duty steel, this cabinet ships fully assembled and is extremely easy to install.

INTRODUCING FEATURES

Efficient Space Utilization

Vertical, low profile enclosure with wall mounting capabilities.

Sturdy Welded Construction

Ships fully assembled, saving time and effort.

Includes:

- 4 x M8 Mounting Bolt
- 12 x M6-16 Screw
- 12 x 12-24 Screw

Keeping Gears Cool

Perforated enclosure sides facilitate heat exchange without fan noise.

Convenient Arrangement

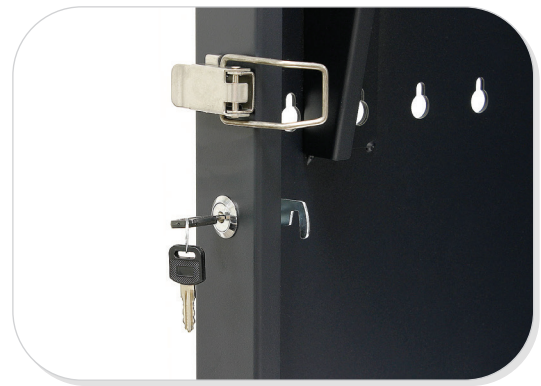

Integrated cable tie mounts help manage cables.

Materials:

- SPCC cold rolled steel
- Black Powder Coating

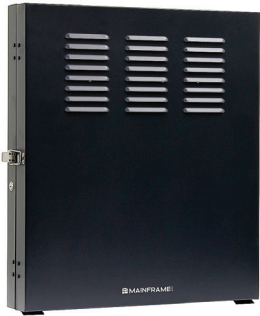

Circular access ports on top and bottom of panel provides convenient cable management.

Door latch can be locked with a user-supplied padlock for extra security.
