

SP6HD

Measuring 6-inches tall, SP6HD desktop speaker stands bring your YU4, YU6, TUK or other 4 to 7-inch speakers into better alignment with your ears, letting you capture a wider range of frequencies. Their heavy steel structure and closed cell foam padding further improve nearfield listening by significantly reducing vibration, leaving you with cleaner, more accurate sound. Two top-plate sizes are included, each providing 30 degrees of rotation and featuring a mounting hole and 1/4" – 20 screw to secure compatible speakers in place. For a clutter-free setup, conveniently route your cables through the center of each stand

TECHNICAL ILLUSTRATIONS

IMPROVED CLARITY

Surface vibrations caused by your speakers can result in muddy sound. SP6HD desktop speaker stands prevent this by utilizing heavy steel and closed cell foam padding to absorb as much resonance as possible.

FULL RANGE OF SOUND

Capture every frequency your speakers have to offer by bringing their tweeters closer to ear-level. Each stand measures 6" tall, making them the ideal height for your YU4, YU6, TUK or other 4 to 7-inch speakers.

UNIVERSAL DESIGN

Two top plate sizes are included to comfortably fit your preferred speakers. Each plate features a mounting hole and 1/4"-20 screw to secure compatible speakers in place.

EASY POSITIONING

Achieve optimal speaker placement by rotating each top plate up to 15° left or right, ensuring they're directed towards you.

CLEAN APPEARANCE

Each stand features a hollow support column to conveniently route your cables. Enjoy more desk space with your speakers raised and cables hidden.
