

SDX600

The Kanto SDX600 full motion TV mount features anti-tamper TV arms and screws that make TV removal difficult without the included tool. The anti-tamper tilt mechanism also helps prevent unauthorized tilt setting changes. The SDX600 mount is compatible with most TVs up to 65 inches with a VESA pattern between 100x100 and 400x400. The full motion dual articulating arms can extend up to 17-inches from the wall while the swivel and discreet 0-, +6-, and +12-degree tilt positions reduce glare and allow maneuvering for the best line-of-sight.

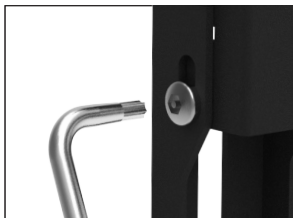

FEATURES & SPECIFICATIONS

- Fits most flat panel TVs from 37" to 65"
- Supports TVs up to 100 lb (45 kg)
- Accommodates VESA sizes from 100x100 to 400x400

- Shipping box weight: 19.1 lb (8.7 kg)
- Shipping Box Dimensions: 20.6" x 13.3" x 3" (52.2 x 33.8 x 7.5 cm)
- Product Weight: 17.6 lb (8 kg)
- UPC: 800152719047

TECHNICAL ILLUSTRATIONS

ANTI-TAMPER TV ARMS AND SCREWS

The screws have a specialized head that only the included tool will be able to tighten and loosen. Feel confident that your TV will be safe and secure.

SECURE TILT MECHANISM

There are three discreet tilt positions, 0, +6, and +12 degrees, and an anti-tamper mechanism that makes it difficult for the public to alter your TV's tilt settings without the included tool. Property owners will appreciate not having to re-adjust the tilt setting.

ENHANCED TV VIEWING

Get the best possible viewing angle. Full-motion maneuverability makes it a breeze to extend, swivel, and tilt TVs that are up to 65 inches.

LOW-PROFILE DESIGN

When retracted, the SDX600 allows you to get your TV to sit 2.6" from the wall, so it's less in the way. The stylish design makes it ideal for thinner TVs, like OLEDs.

CABLE MANAGEMENT SYSTEM

Keep AV and TV cables out of sight with the integrated cable channels. A nice clean setup creates an aesthetically pleasing viewing area..
