

MPC77

Designed specifically for video conferencing, the MPC77 rolling TV stand comes with everything you need to deploy a mobile conferencing solution. From a device tray that integrates with meeting room touch controllers to a shelf specifically designed for all-in-one conferencing devices, this mobile media cart seamlessly integrates with your gear while keeping you organized with cable management and mounting points. Set your TV and conferencing camera to the right angle with height and tilt adjustments and enjoy a glare-free experience. The cart is compatible with conferencing solutions and video bars and can be moved from room to room for easy sharing across departments. The MPC77 rolling AV cart includes handles and 4" wheels for added safety.

TECHNICAL ILLUSTRATIONS

COMPATIBLE WITH CONFERENCE CAMERAS

The MPC77 mobile cart is optimized for conferencing with its included camera shelves. The cart is compatible with most popular all-in-one conferencing solutions and video bars.

AV INTEGRATION

Includes a device tray, camera shelves and accessory panel for seamless integration with conferencing solutions. Mount your conferencing camera or meeting room touch controller with flexibility and improve ergonomics.

CABLE MANAGEMENT

Keep cables organized and secure with comprehensive cable management including a dedicated place for power strips with room for bulky power adapters. Avoid accidental disconnection or snags during transport.

HEIGHT ADJUSTMENT

Set the TV and conferencing camera to the right angle with height and tilt adjustments. Avoid glare and enjoy a distraction-free experience.

EASY MANEUVERABILITY

4" lockable wheels provide ease of movement on carpet and over thresholds. The included height adjustable handles assist in movement without the need to touch the display.
