

# DML1000

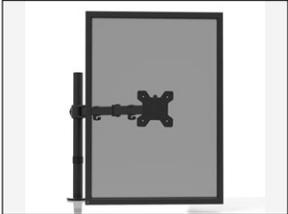

Work more effectively and eliminate potential strain with DML1000. This fully adjustable single monitor arm supports monitors up to 22.1 lbs and tilts, swivels, and rotates 360° for portrait or landscape monitor orientations. A toolless on-the-fly height adjustment system lets you align your monitor with your eyes for improved ergonomics. To save time and reduce frustration, the detachable VESA monitor plate allows you to attach and remove your monitor quickly by sliding it on and off the stand. Included cable management hooks provide a pathway for wiring to keep your workstation tidy and reduce distractions. With desk clamping and grommet mounting options included in the box, you'll be up and running in no time regardless of your setup.

- UPC: 800152721064

## TECHNICAL ILLUSTRATIONS

### IMPROVED ERGONOMICS

Featuring tilt, swivel, and 360° monitor rotation to support portrait or landscape orientations, DML1000 allows you to position your monitor to improve workplace ergonomics.

### ON-THE-FLY ADJUSTMENTS

A toolless lever allows for easy on-the-fly height adjustments – useful for shared workspaces that accommodate various users.

### EASY DEPLOYMENT

The detachable VESA monitor plate lets you to work on a flat surface instead of supporting your monitor during installation. The plate easily slides onto the stand and can be removed quickly for servicing.

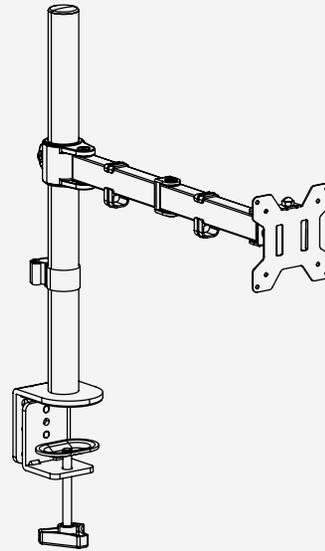

### CLEAN AESTHETICS

Included cable management hooks keep wires tidy reducing distractions in the workspace.

### UNIVERSAL COMPATIBILITY

The DML1000 supports 34" monitors weighing up to 22.1 lbs. The stand can be clamped to nearly all desks from 0.4" and 2.8" thick and includes hardware for desk grommet installation.
